Full Size spec sheet: <http://i.imgur.com/zE1y9KC.jpg>

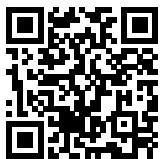

If you want a gaming PC that matches the performance as well as the looks, then this is it. A gaming PC loaded with NVIDIA GTX 980 that has a Black/Red theme all over. All the parts are custom picked. Don't settle just for the most cheapest parts some slap together as they always fail. This is the most cheapest you can get for premium parts. Check out the specs:

CPU: AMD FX-8350 Black Edition 8-Core 4.0GHz Processor
 CPU Cooler: CRYORIG H5A CPU Cooler
 Motherboard: MSI 970 Gaming AM3+ AMD Motherboard
 RAM: G.SKILL Ripjaws X Series 16GB RAM
 Graphics Card: MSI GTX 980 Gaming 4GB Video Card
 SSD: Crucial BX100 250GB SSD
 HDD: Seagate Barracuda 1TB 7200RM HDD
 DVD Burner: LITE-ON 24X DVDRW
 Power Supply: EVGA SuperNOVA 750W Modular PSU
 Case: ENERMAX Ostrog GT Black/Red Mid-Tower Case
 Lighting: Red LED Interior Lighting

Price is \$1430. This is a build-to-order PC. Build time is one week. \$150 deposit to build it. The rest is to be paid after complete build. Call or text the number above if interested. Look at the pics for the actual

PCs already on Fayetteville Craigslist. I've been building and selling gaming related PCs on Craigslist for few years. These sold fast.
