

Need R12a system evacuated

Location **Kansas**
<https://www.genclassifieds.com/x-677314-z>

I've a 1993 Miata with the original R12 A/C still intact.
The system has not been opened or serviced since it left the dealer and I just need it evacuated/recovered.

If you know someone who needs R12a (I hear it can be recycled) or someone with the tools to recover, please let me!
