Need this box truck painted. No door jams, just box and cab. We already have the paint, just need somebody to prep and actually paint the truck.

The truck is 36' Long....13' tall.....9" wide.

you must

1. Have an inside space to spray the truck.
2. Have a compressor and spray gun system with a water filter on it.
3. must prepare the surface to receive paint.
4. Must have before and after pics of a few jobs youve.
