

Surrogate mother needed (Westlake)

Location **Ohio**
<https://www.genclassifieds.com/x-677892-z>

We are interested in having a child, but can not go through the normal procedure. We do not believe in the laboratory procedures for a surrogate. Seeking natural pregnancy.

We will, can if necessary, provide housing during the pregnancy. We would like to take care of the birthing process financially.

Looking for someone with good strong genes...good looking, athletic, and intelligent.

Please, send a photo, resume and little bio of why we should choose you.

Thank you for your interest, only serious.
