

GuitarBassRecording Engineer Available (Philly pa)

Location **Pennsylvania**
<https://www.genclassifieds.com/x-678044-z>

I'm a guitar player, bassist, and a recording engineer. Have about 20 years experience, I'm 28 years old. Not a lot of different stuff...90's punk rock, metal, blues, jazz, hard rock, alternative. Lots of different influences. Below is a link of my music to check out to give an idea of my musical background and what I could do. So I put everything together. Let me know.
