SONIC VISION PRODUCTION

Sonic Vision Production is one of the premiere companies in Orange County offering beautiful aerial photography/cinematography drone services at reasonable prices.

We are passionate about providing the highest quality aerial video and photography services to our clients in Orange County and surrounding areas of Southern California.

Our services are tailored to the unique needs of the individual clients. Working closely with you, we obtain the maximum impact with stunning aerial imagery for your home, sporting events, fishing, surfing, golf, real estate documentation, birthday parties, weddings.

By using the most sophisticated and efficient DJI Professional Phantom 3 drones, we capture images from eye level to 400 feet. Viewing the finished aerial video can only be described as a one-of-a-kind awesome experience.

Visit our Facebook page to see the latest work :
