 An Awesome View Overlooking Berryville! 34 + Acres! This unique house has been completely remodeled in 2012 with granite, beautiful laminate wood floor thru-out, kitchen w/top of the line stainless steel appliances. New whole-house, well pressure tank and tankless hot water heater in Summer, 2015. All three bedrooms are huge and have walk-in closets. Tons of storage.
 The driveway has been recently graded. Make no mistake, this IS a 4-wheel drive property. The drive is steep in certain spots and in the winter, you will need a 4-wheel, or all wheel, drive. That's the price you pay for seclusion and a million dollar view!
