We are a licensed home daycare in the city of Richmond. We are within walking distance from the park.

The dining room, living room and kitchen area of the home is dedicated to the daycare with toys that are age appropriate for children ages 0 months to 5 years old!!

I am CPR, First Aid, AED and Health and Safety Certified, combined with many years of experience in working with, and fostering young children! I am a Child Development Major at Merritt College with 12 completed units, including... Teaching in a Diverse Society, Health, Safety and Nutrition for the Young Child, Intro to Child Development and Teaching Young Children.

We offer healthy AM snack, lunch, and PM snack.

Each week I teach a new curriculum to the children which includes a weekly theme, vocabulary word in English, Spanish and French, a shape/color, letter, number and nursery rhyme. Arts and crafts, workbooks and puzzles are also a part of daily activities! We play outside at the park every day and when the weather is nice we are outside both morning and afternoon!
