My wife lost her white Samsung Note 4 with her driver license and other cards in the wallet case. The phone was lost at Hoover Dam on Sunday June 7, 2015. We care more about of all the pictures of our new born baby in her phone than the Samsung Note 4, we can replace the phone but we can't never replace the memories that's in there so please help us find her phone and I will pay large \$\$REWARD\$\$ for its return no questions asked. The case is similar to the one on the picture below..

Call or text me at if found.  
 Thanks and have a blessed.
