I am now on the hunt for a fantastic roommate. Could that be you?

Benefits include, but are not limited to...

- a generous array of home amenities
- convenient location in a friendly, quiet Edmond neighborhood
- witty banter
- copious amounts of sarcasm
- an exceptional amount of living space

I'm located about 3 miles or so from UCO. Couples are welcome. Dog owners are encouraged (I have two friendly northern breed mixes), but cats are not allowed. I also foster northern breed dogs for a local rescue (max of 1 at any time). I'm looking for someone intelligent, ethical, eccentric, and at least reasonably clean (pick up after yourself at a minimum).

Rent with all utilities and WiFi included is \$430 due on the first of each month. As an added bonus, I might even fix your things (cars, computers, bikes, whatever)! Move in date is roughly October 1.

Additional details are available upon request. Please include some details about yourself in your message, to include current place of employment and reason for moving.!
