

New Commercial Electrical Equipment (2500 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-679871-z>

I have a bunch of commercial electrical materials for sale. All new items shown on attached picture still in boxes on shelving.

The other items are misc electrical items used for commercial electrical construction. Most are new and never used except wall pack lights and Low Bay lights. Also partial wire spools of #16 awg and smaller.

I also attached a cost sheet for the new items listed on shelf. These costs reflect new current costs if purchased at store.

I am willing to make a sweet deal to anyone interested.

Give me a text or call. No out of state sales.
