

## Seeking Instructors

Location **Minnesota**  
<https://www.genclassifieds.com/x-680134-z>

I am a BCA licensed firearms instructor, I hold a DBA, I hold an LLC, I have an EIN, I have a small fleet of vehicles, and I am seeking an individual who would like to build my business with me. If you are not licensed already I will pay for you to obtain your CCP/PTC as well as pay for you to become a defensive tactics instructor. Other training can be provided to broaden offered services. I currently rent equipped vehicles to security agencies, funeral homes, and the like. I also offer them as physiological deterrents to residential and commercial clients. I offer MN PTC/CCP certification courses. I am a Taser dealer. I am an AR500 dealer. I sell custom body armor. I am a dealer with several AR15 manufacturers and offer build kits. I am in the process of opening an office location where we train individuals and groups on site, offer the vehicle services, have a store front, and seeking a partner to help share the work load and act as an initial investor. Respond with your background, why you would be a good fit for a partner, how much you are able to invest, and what your looking to achieve from this short term as well as long term. No felonies on record, no more than 3 major moving violations in the last 3 years, 21 or over, and must be of good moral character. If you have no similar experience please do not contact. Thank you.
