Hi! My name is Elizabeth and I can help you with most types of tutoring, as well as any type of writing, with the exception of technical, you need to have done. I have a Master degree in Education and another Master in Global History. Having been in school for a very long time, I know what is acceptable and what is not. I'm also too familiar with the stress and angst that goes with studying for a class. The same applies with writing for a job or for acceptance to a certain university. I can help you with your online class too!

I can assist in the following areas:

- History
- Philosophy
- English
- Literature
- Test Prep
- Education
- Music
- Theatre
- Art
- and more!!!

I specialize in all ages, from pre-k to the collegiate levels

Because I have "been there -- done that", I work with you and my rates are very reasonable. Whether you need a paper for school, help preparing for a test, or study skills to help you pass a class, I can help you!

Thank you for taking the time to read my ad, and I look forward to helping you achieve your academic and professional goals today.
