UKC male. Answers to King and name definitely fits him. Four months. 35 lbs. has white blaze on nose (pics). And gator razor edge female, no papers. Answers to Sheba. 5 1/2 months. 40 - 45 lbs. has white blaze on chest but rest is solid (pics). Both have had two sets of nine in one and rabies shots just two weeks ago. Paperwork on hand to register King. He has happy personality and very curious. She is loving and sweet. Both are good watch dogs. Disciplined. House broken. Follows basic commands and is leash trained. Re-homing because we cant take them where we are moving. Very sad to see them go. Serious inquiries only. Will go over "small adoption fee" thru.
