If you know what this means then you have successfully clicked the link to take you here to the right now.. And there is no better time to have fun playing simple melodic music that is very rare especially in this area or anywhere in toady's time.

I play drums, guitar, bass and sing...not too particular on what role I have in this..

I'm 29 male.. Have small p.a. electronic kit, guitars, and software and all that fun stuff...

I want to make music that makes people feel good and be happy.

MXPX, NUFAN, DESCENDANTS, LAGWAGON, RUFIO, AM TAXI, BOUNCING SOULS, FORUS, BELVEDERE, MEST, MOTION CITY SOUNDTRACK, TIGER ARMY

perhaps something along those lines... The simpler and more melodic, the better!

 I have a few albums worth of written material, but it is not quite the style I wish to pursue for this project.
