Pretty easy job. I just need photos of a road surface. Was auditing roads in Wyoming but had to fly back home due to an emergency.

I need roughly 30-40 digital photos of the road surface on WYO530 just south of Green River between mile markers 2.5-22.00

I need some close up shots e.g. cracks, tar and other road blemishes as well as zoomed out photos so I can see driving lanes and shoulders. Will need proof that this is proper road i.e. photos of road signs and mile markers.

Please be safe out there and watch out for traffic.

For this task, I am willing to pay \$50.00, with an additional tip for extraordinary work. Would ask to see appx. 6 photos ahead of time to make sure we're on the same page. Upon retrieval of all photos, I will transfer \$50.00 into your Paypal.
