I am a freelance web designer and developer having over 10 years experience in websites projects development, I have worked with many clients from around the world. In my career, I have designed many websites of various companies in US. During this time I've built up a massive reputation for producing professional work for my clients in US.

Having engaged myself into freelance web development sector, I have developed a portfolio of some eye catching websites of myself. I can work professionally in all departments of websites such as templates and layout designing, dynamic content management systems, shopping cards, business required models, custom system development, open source frameworks, graphic designs, logo designs etc.

Honesty and customer satisfaction is my basic principle.

Feel free to contact me for any of your web service.

Please view my portfolio for web development and graphic designing to get know about my skills.

Hi, my name is Liza. I've studied Graphic Design, Illustration & Fine Art at MICA in Baltimore, and Parsons The New School Of Design in NYC. I am passionate about all of my artistic endeavors and have been fortunate to have a variety of experiences.
