HotRodWebs.com is a startup graphics web design, development and hosting company.

I'm an artist, a graphic artist, a designer, and developer. I am starting this business to incorporate all of my skills and to include fantastic hosting for businesses and individuals. I have the business background and stable minds to make this a success.

Slogan Contest! To enter send your contact information including email to
 Slogans can be any style from silly and cheesy (Like "high octane websites to supercharge your business" to classy and professional
 Winner to be announced on Halloween night!

Have fun with
