Hello,

I'm available:

- to lay lead or background vocal tracks on your next music project
- to sing for worship services, concerts, plays or other events

I have several years of experience as a praise and worship leader, lead/background singer with bands and worship teams, and in recording studios. I'm currently the lead vocalist with the DC Grace Band which is also available to come play at your church or event.

Peace! Best regards in the Lord!
