~Basic English Classes are perfect for students that need to build on the foundation of the English language. Basic English classes focus on grammar, vocabulary and pronunciation. These classes are customized to your English level and include homework.

~Accent Reduction Classes will enable you to be better understood and will improve your performance, productivity and self-esteem. If you would like to master the American English language and all of its complexities then this is the course for you!

~Business English Classes help many businessmen and women sharpen their English skills. Don't lose your competitive edge in the international marketplace because of language barriers.

~Children's English Classes are a great way to give your child the advantages of being bilingual. We use an English learning system that is fun and functional for children of all ages.

~IELTS/TOEFL Examination Preparation Classes will give you the advantage that you need! We have successfully coached many students in preparation for the IELTS and TOEFL exams. Our classes will prepare you for all aspects of the examinations.

~Interview Preparation Classes will insure that you are confident and prepared for your interview. These classes include mock interviews with material that is specific to your field.
