- * Hiring new 1 Guy (or Gal) Immediately to put their Pickup and Labor to work Now.
- * Report Daily to Nashua, Get Paid Cash for starters, Mostly Driving to locations within Southern, NH, MA, And we will spend a lot of time doing runs into Boston. SO Being said, at least 50%-60% of the time you will be driving, getting paid Hourly, and listening to music (or whatever you listen to.) Once we get our feet wet together, we can discuss straight Cuts and percentages of the specific Jobs; whichever is a higher payout for you!
- * I compensate 100% of the fuel used while working on my clock.
- * On top of total fuel reimbursement, you will make a base pay of \$11-\$15 Per hour, PLUS whatever tips are given, and yes they DO tip!
- * I require you to be 100% Drug-Free, and in the epidemic we are living in, that is priority #1. There will be no tolerance for Active Drug Users, and despite maybe a cold beer to celebrate a job well done, there will be no Alcohol use while on the Job.
- * Seeking a person with Clean Driving record and no Criminal Record. You cannot be a convicted felon.
- * I deal with an upscale clientele, and the dress should be Labor casual, i.e; Clean Pants or Jeans, and Polo or equivalent, Tucked in and Clean and Neat. Sneakers, Work Boots or equivalent are perfect.
- * Enjoy this serious money making opportunity, and believe it when you see it. I have turned down jobs paying over Six Figures annually as there is no comparison to

what you can make in this industry.
