Refried Audio started in March, 2013 and has become a better and more comfortable place with every customer! This is NOT a home studio! I have nearly 2,000sq divided into four rooms with 2 bathrooms and a kitchen area.

My rates are \$20/hr for tracking/editing and \$35 a song for the mixing and mastering. Except for the first 6 months this has been my rate.

Rehearsals are \$25 for 4 hours of time. Rehearsals include a p.a, microphones, and a drum kit (must supply own cymbals). I do not supply amps or instrument cables for your guitars. The p.a. has 2 2x15's, a 15 by the drums, a small 10, and 2 4x10's. More than enough for vocal monitoring. I've never had complaints.

*New full tracks on our website from "The Bentreys" and "Purveyor's of Fiction" along with a lot of other material for you to check out!
