We are two old "Geezers" pretty much (late 40s) Drummer, Bass.

We like pretty much Classic Rock/Metal (70's & 80's) with some Pop & Southern Fried thrown in.

Both of us have our own professional equipment and transportation. Easy going (No Drama). Neither of us are Druggies nor Alcoholics. We are prepared to put in the work because we WANT to play out. Have Professional PA for when that happens, if needed.

What say You, need a good Rhythm section?
