Americana Band looking for percussion. Cajon is preferred, for right now. We just want something simple and solid. It would be a welcome addition if you also sing and play another instrument, but certainly not requirement. We plan to start gigging soon. Just need you.

Our sound is Avett Brother, meets Brandi Carlile, meets local boise players.  
We are doing mostly originals with a few covers.  
Practice 1-2 days a week (we all have day jobs)

Shoot me an email or text if.
