Thinking about selling my Kala Ukulele bass. It's in excellent condition. Sounds very warm and thumpy with a unique woody tone. The wood is a nice mahogany with spruce top. Can be played acoustically or plugged in. Wears a set of piezo pickups which lends itself very well to the natural sound of the instrument. This thing sounds identical to a big upright bass especially when you have it plugged in. extremely portable for traveling and comes with a Kala gig bag. Feel free to send me an
