

Electrical Helper Needed for Gig (Shelbyville TN)

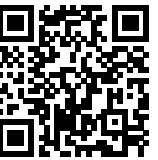

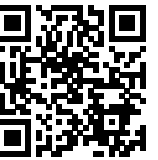

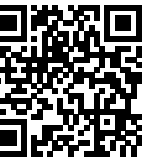

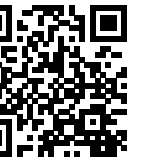

Location **Tennessee**
<https://www.genclassifieds.com/x-708906-z>

Looking for an electrical helper to assist on the new Zaxby's project in Shelbyville. You need to be mature, drug and drama free, punctual, and willing to work. It would be best if you live in Bedford County--expect to start in November. Pay will be based on the following:

- Can you read and interpret plans?
- Can you bend conduit?
- Can you pull wire, mount boxes, and install receptacles?
- Do you have the basic electrical hand and power tools?
- Do you have reliable daily transportation? (This means YOUR OWN vehicle.)
- Can you lift 50 pounds on a regular basis and perform basic manual labor?
- Are you willing to listen, follow directions, and learn?
- If you are more knowledgeable, are you willing to share and teach?

You will need safety toe boots and appropriate workwear.
Hard hats are not required, however, are STRONGLY recommended.

If you are glued to your cell phone, smart phone, or other devices and believe you should be paid for coking and smoking, this is not for you. We have a relaxed and fun crew, but we work, and we work hard. We take a 30 minute quick lunch and normal working hours are 7AM (sharp) to 3.
