I have a pair of shoes bought at a flea market. Best shoes I've ever had!!!! I'd like to get a new pair but I can't make out the name. It's a High top hiking boot, black suede looking, silver criss crossed on top ofboot, silver writing low on heel of boot. on bottom of boot is red oval stamp that reads, and this is where I need help, Cuba or Fuza close to that. If you know what brand this is would you please tell.
