

Visual Designer (fayetteville, AR)

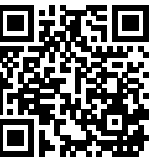

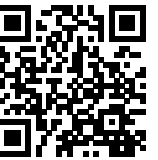

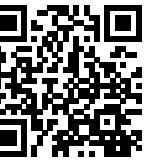

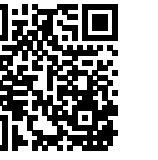

Location **Arkansas**
<https://www.genclassifieds.com/x-709927-z>

Working with the Creative Director, the Visual Designer will primary be responsible for: creating responsive web design, marketing presentations, and print designs. The chosen candidate must be able to take big, dense concepts and boil them down into simple, beautiful designs. He or she will have strong skills in graphic design and the ability to create visuals for presentations that will be used by company executives as well as responsive web pages.

Love working with a team? Got professional design experience as well as excellent verbal, written, and visual communication skills? Do you have a stunning online portfolio that demonstrates process in a full lifecycle of product design? Jumpstart your design career with the team that's perfect for you!
