Lilly is a AKC Siberian Husky with papers and just had a litter a few months ago. She is very healthy and not overly engernic like other huskys. She 47 pounds and I've ran her up to 10 miles. Great as a running dog, family dog, guard dog and much more. I unfortunately have two other dogs and two cats and I want her to go to a home where she can be cherished and has all the attention she deserves. Serious inquiry only. Looking for a perminate forever home with a owner who preferably has a yard and time to dedicate to her. Rehoming.
