2000 Kawasaki Ninja ZX-12R, The true Busa Killa...custom painted silver, 21,840 miles, well maintained and kept in garage, in excellent shape, and very fast (you'll run out of road before you reach max speed). Power Commander II, Muzzy exhaust system. Modified the gearing, down 1 in the front sprocket and up 2 at the rear, this bike is crazy quick across all bands. Steel braided brake lines, custom embroidered Gucci printed seat, extended chrome swingarm, frame sliders and frame covers. Too many extras to list. Also, I have all original parts. Must sell bike since I do not ride her anymore, she just needs a new home. \$6,500.00
