forsale is my 2002 Subaru Wrx Wagon in ok condition. definitely needs some TLC, brakes and an exhaust but other then that runs really strong. 5 speed manual, she has 139,xxx miles and a few dents and paint chips as you can tell from the pictures but really nothing major. reason for selling, I recently purchased a newer wrx and no longer have a use for this thing. always been very trusted but it's time to let her go, email is the best way to get in contact with me.
