We are needing to rehome our 3 year old purebred Jack Russell Terrier, as we just found out my youngest is allergic to dogs. We do have papers on her, but we never got her registered. She is not spayed but is up to date on rabies shots. Her name is Roxy and is good with children and other dogs. We do want her to go to a home with a fenced in yard with plenty of room to run. Small rehoming fee of \$100 cash. Please call if you are interested or have any questions. Buyer must pick her up or arrange for us to meet. We will not ship.
