I have a silver Pontiac grabs Prix 158000 miles.
 It's a great car.

But I'm selling it for 1900 or best offer. I will also be taking the price off to have the tag and title updated. About 300 \$. The title is clean and notarized but I let the tag get very far behind so I will be taking the responsibility of having that updates and taken care of at the tag agency. Or however is preferable. The reason I'm selling it is honestly Is not engine or tranny or any machanical problems. Drives great. I'm good about fluid and oil change but I've neglected very simple things. Two of the doors are missing 4\$ plastic screws that hold the door from loss ending when you pull it shut. The A/C works awesome and heat. Great gas mileage 21city- 26 hwy , power seats and Windows. Great A/C and heat. It also has headlightsworking and tail lights but needs blinkers and break light I've replaced them an the left side kept going out. Don't know if it's a fuse or what. But I lost my job and although I have insurance. I can't afford the tag or even minor repairs after losing my job so I'm more likely to get a tag or taillight ticket. Just trying to disclose all things so there's no surprises. Most people could take care of everything in a couple hours at most. Also has a little oxidation about the size around of a fist or small hand. And a little oath the driver side front top quarter panel.

Also has custom alloy wheels. Tilt and cruise. Will also may trade for a little Honda. moat concerned about engine and running condition. A decent interior but outside looks aren't a big deal for.
