SwapOne is a one stop shop for trading in your used electronics so you can get your hands on the newest technologies. We have hundreds of devices you can get a free immediate offer on in categories ranging from cellular phones to loudspeakers to cameras. Just find your device and find out how much you can get paid.

Once you have found your device simply pick from one of our convenient shipping methods like drop off at your local PakMail or prepaid shipping and we'll send you the packing material. Get your device to us and we'll send out a check or deposit the fund straight into your PayPal account. It is as simple as that.

Can't find your device in one of the categories? Simply fill in the form on our home page using a couple of details about your device and we'll make an offer. In case it runs on electricity we can probably make a deal.

Don't want to deal with a site and wish to speak to someone to see just how much you can get for your device- give us a try on the number above.
