Hi!

I have one bedroom in a great 4 bedroom, 2 full bathroom, three story house. With a basement great for storage, a large washer and dryer, new patio set, nice hard wooden floors throughout the entire house, new couches and furniture, 40" led tv, on a quiet street. The sidewalks around the area are well lit, and parking is manageable. The house was recently remodeled and now looks fantastic.

The room is 15'5"x8'3" available immediately for \$525/month for a one year lease. Identification and a deposit matching the rent are required to move in. Utilities will be shared among the people living in the house.

About the town, Manayunk is a great town for young professionals. The night life is fun, and Center City is no more than a 15-20 minute bus, train or taxi cab away, with plenty more to do in addition. The house is two blocks away from Main Street so there are a ton of bars, restaurants, running/biking trails, and a seemingly endless amount of things to do around the area.

No pets please.

If you have any questions, please feel free to reach out to me.

Thanks!
