

C3500 CHEVY FLATBED (53,000 USD)

Location **South Dakota**

Located in St Paul, Minnesota.

This is a 2000 Chevy C3500 with a 350 Vortec Engine. It was a city maintenance vehicle from Omaha, Nebraska from new to 50,000 miles. Then sold at an auction and he put on 500 miles and sold the truck to me in which I've driven the truck 2,000 miles.

In the past month I've done this work to the truck:

- New Fuel Pump
- New Starter
- New Alternator
- New Battery
- Oil Change
- Oil Filter

In the next 1-2 years I'd recommend:

- brake pads
- roaters
- ball joints
- windshield
- windshield wipers

Body condition is good. Mechanically it's excellent. I've put in most of the work. For a good price someone can steal this. I'm not budging on the price. I had 2 buyers at the exact price. He was a male. I'll be fixing more to sell the truck. I moved on cleaning the truck. I use to sell cosmetically good things. Check the windshield. Never been in an accident. Passengers door handle cracked in. For 2000 it's not spots but good. I don't do painted. It's a green, but when I come from the truck it would be a flatbed. This.

Title is clean & In my hand. The truck is legit and has been kept clean. It will run for 200k+ miles if someone drives it right.
