EXPUNGEMENTS

Amethyst Puri has won several dismissals of convictions for clients since 2006 and continues to assist clients with really complex expungement issues that call for multi-county dismissal litigation.

Amethyst is very compassionate, very meticulous and thorough, but also very aggressive about expunging old convictions, reducing felonies to misdemeanors, terminating probation a early, and making sure arrest records are sealed and destroyed.

Some Folks may not even know their full criminal history profile. For example, those who have renounced drug addiction may have gone through a very chaotic time and may not even remember where all their warrants, convictions and arrests are. The Attorney General's printouts may not outline all the essential details. Amethyst Puri works thoroughly county by county to obtain records so that she can accurately "clean up the record" and put the client in a position to have their criminal convictions dismissed.
