I have a 6 month old blue nose Pitbull named Kiloe. She has all her starter shots, is negative for hearthworm diease and fleas/tics. I had her on the puppy plan at petsmart. She's very calm in the house and loves other dogs. There's a re homing fee because I want to make sure she goes to someone that really will take care of her and I have a price in mind but willing to negotiate. She will come with a cage, food bowl, leash and collar. If I don't answer the call shoot me a text or email! I will send pictures but she's has beautiful blue eyes and all white with a few spots on her.
