QR Code Link to This Post Childcare in my Marrero home very clean no pets no smokers. I have a 3 year old daughter and an 9 year old daughter that are school and a 10 month old that's home with me during the day. I Have been babysitting for 8 years all ages of children. Iam cpr certified and I have an associates degree in general studies. I'm a stay at home mom and can babysit any hours needed day night or overnight. I don't have a set rate I usually get with the parents to work out a rate that works for them. I have big back yard with a swing set. I don't overload my home with children to where they are just a number. I have compassion for what I do and every child that walks through the door is treated with love and respect like my very own child. I have a lot of toys that are sanitized daily. Email me for any questions and I will respond quickly or to set up an interview with me and come check out my home. Please no scammers I will not entertain any of it with out of town people with fake checks. thanks and god.
