QR Code Link to This Post I currently own 3 very social and playful ferrets, 1 boy and 2 girls, their names are Alfred, Jarvis, and Vision, however you can rename if you'd like. They are fixed and descented, they are 2.5 years old, I have owned them for 2 years now. Right now they have their own bedroom to themselves however I am going to be moving and downsizing and will no longer have the time or space to give them the proper care that they require. They are all kid friendly, my 9 year old sister and 6 year old niece play with them a lot and have not been bitten. They also do very well with bigger, older cats, supervised or unsupervised, however with smaller kittens they need to be supervised. They are fed a dry kibble diet, no raw meats, and some treats like the jerky sticks they sell at pet stores. They will come with their cage, 4 hammocks, 2 water bottles, 2 clip on bowls for food, a ferret shampoo, some leftover bedding, the rest of their food, 3 triangular corner litter boxes, a leash and harness, and some miscellaneous toys. They would make a great Christmas gift for kids over the age of 9, or a family pet. Their rehoming fee would be \$395 (obo) for all 3 ferrets and everything listed. I am willing to travel within 50 miles if need be, I just want them to go to a good home where they will be played with and taken care of. Serious inquiries only. You can contact me at almost any time of.
