QR Code Link to This Post I took in a cute shepherd mix because my friend couldn't keep her, but I can no longer care for her myself. She is free, only because she will need her shots updated and spayed. She's very lovable and a great addition to any family. She will come with her food, harness, leash, collar, dog bed, etc, and you can email for pictures of her. I just really want her to go to a good, forever.
