QR Code Link to This Post The most innovative marine product since the extended swim platform is now being manufactured right here in the Pacific Northwest!! What used to be fabricated in Florida and take 12 weeks to get, can now be ordered and installed in as short as 2 days. We can come to you for templating or you could send us your template. We fabricate the non-skid pads and install or again, you could install yourself with our instruction. If you are not familiar with SeaDek, please visit our website-www.contemporarymarine.com. We are the only certified fabricator serving the Pacific northwest, northern California and south-western British Columbia. Please call Scott at 509-nine95-6239 with any questions. Thanks for!
