We are looking to work on originals and throw in some covers in the vein of Red, Seventh Day Slumber, TFK, Creed, Dream Theater, Porcupine Trees, Switchfoot, Linkin Park... Although we are not in your face evangelist or looking to preach to any one, we are Christians and plan to play and write songs following our beliefs and convictions. Drummer has a practice studio on the Westbank. Contact us if you're interested and ready to jam and eventually get out and start.
