QR Code Link to This Post "Lost in Avalon" is looking for a female director. We are in full-on pre-production and rehearsal with some crew members already on board. The script has a lot of dialogue and intense roller coaster of emotion. Performed with a small female cast (two female characters plus one extra). If you are interested in the job, please reply to this email telling us why you would like to direct the movie and sharing your relevant experience. Please provide links to anything you directed previously. Let us know if you have theater experience and if you are familiar with King Arthur women's stories (e.g. "The Mists of Avalon"). This is an indie SAG-AFTRA production with zero financing. We will feed you on set and give you imdb credit and copy of the film for your reel. Date of filming to be confirmed for 3 to 5 days in January.
