QR Code Link to This Post We started building 5.9 Cummins back in 1985! We have combined experience of over 150 years present in our shop.

Motor Parts Plus has been in the engine and component re manufacturing business continuously since 1976 and we have specializing in Cummins Diesel Engines since 2010. We are located at 905 S. Washington Street in Kaufman, Texas and are the only Cummins re manufacturer in Kaufman. Motor Parts Plus has a long history of satisfied customers, a 100% rating on EBay and ships all over the United States. We use only the best of equipment and parts, with every engine being blueprinted and machined to the most exacting tolerances. All of our blocks are custom-built without the use of any kind of "assembly-line" approach. We use Mahle Pistons, which are the same original equipment (OEM) pistons used by the manufacturer. As a matter of fact, all of our engine parts meet or exceed OEM standards and all of our employees are full-time employees, not contract laborers.

There is no greater value as we stand behind our Cummins engines 100%. If quality and reputation are important to you, then email us today; go online to order at www.motorpartskaufman.com or call/text the owner Barry Caldwell at (972) 741-8874, Jake Caldwell at (972) 741-6757 or the shop at (972) 932-4030 today! If interested in an install, Barry is the one to call.

A Long Block will come with Pistons, Rings, Main Bearings, Rod Bearings, Cam Bearings, Cummins Oil Pump, Valve Seals, Valve Job, Freeze Plugs, and Gasket Set for \$3600.00.

We also have Short Blocks, Injectors, Coated & Non-Coated Pistons, Engine Kits, Turbo Chargers, Cylinder Heads, Crankshafts, Connecting Rods and Head Studs, Oil, Antifreeze, and more at very competitive prices.

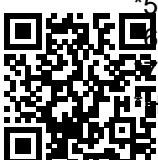

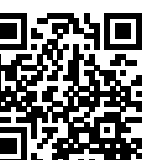

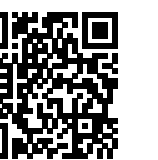

Long Block Price

*5.9 Cummins Long Blocks w/ re-buildable exchange: \$3600
 *6.7 Cummins Long Blocks w/ re-buildable exchange: \$3600
 *5.3 and 6.7 4 stroke a/c engines for price (Barry Caldwell's high performance motors available for pricing on engine)

will refund the core charge in full within 5 business days. Please be sure to note your phone number on the bill of lading to help us locate your invoice.

Please contact us for shipping costs; it is usually between \$150-\$350, depending on whether it ships to a business or residence and if a lift gate is required. Or you can look it up online at www.uship.com, as we do not add any handling costs or mark-up. (Pallet, 800lbs, 48x48x48, shipping from a business w/ a dock).

All of our Cummins engines ship with a copy of the Motor Parts Plus Six Month, Unlimited Mileage Warranty as well as our direct technical support phone number for any engine, installation, or troubleshooting issues.

We can text or email you additional pictures of the long blocks and our shop, just ask! We have most models in stock and can usually ship the next day after payment.
