QR Code Link to This Post I am a recent transplant to the Seattle area. I am an artist, comedian, musician and actor type of guy. Into all the typical nerdy things such as pop culture conventions, horror flicks, comic books, records and rock music. Not so much into drinking or doing drugs. Looking to make some new friends, guys and gals, in Seattle or the south suburbs 20s thru 40s. Hang out and bitch about life, start a project, be cooler than everyone else. It'll be a club. Or a band. Or a musical stage production or movie or TV.
