QR Code Link to This Post 51 year old experienced drummer looking for groove based group. Would prefer we play out and share the grooves, but either way, interested in playing with seasoned players that challenge me. So far this has been a struggle to find here in UT, (I'm a recent replant from Ca.)

This is the kind of music I would love to be making... anything from: Billy Cobham, Lee Ritenour, Larry Carlton, Jon Cleary, John Scofield and the like. I got the chops and the gear. If you send links of your playing i will send links of mine. Then lets get together and play. It would be nice if there was an established group needing a drummer, but im easy, i really just want to find quality players to play with. Thanks for.
