QR Code Link to This Post Because I enjoy turning a wrench, I offer my mechanical knowledge for a pretty low rate. I am very experienced in mechanical work, and do side jobs on the weekends and sometimes after 7:00 on week days with advance notice. I charge a min of \$50 for any service,for the first hour and \$25 an hour after. A modest \$20 travel fee applies when I come to you. Some jobs I have a set price and these prices are on "most vehicles."

Water pump \$150 (external as in most American/German vehicles that are not front wheel drive)

Alternator change out is \$60. Front mounted and not through the wheel well.

Starter change out is \$70.

Brakes are \$60 an axle for disc, and \$100 for drums. (if additional work other than pads, i.e. new calipers, rotors, just slightly higher)

Oil change \$20 with any other service. \$40 with no service, you supply oil and filter, \$60 if I supply.

Differential fluid change \$20-60, depending on vehicle.

Pinion seal \$100.

Fuel Pump change out \$150-200 most vehicles.

Carb rebuilds (rebuild only) \$125

Tune up, spark plug on vehicles

Detailing, wax, car wash, vacuum and hose down, tire shine \$50 and tire shine (wash, wax, vacuum, car wash and great cleaning detail, toothbrush cleaning of inside and windows) \$120.

Struts, Complete change out with new cartridge and spring \$150 pair. If reusing your springs and just changing the cartridge \$150/pair for front \$200/pair new cartridge and spring. Reusing spring, \$250 for rear.

Coil Spring conversion from air bag suspension \$200/ axle (most vehicles, use Strutmasters as a source)

--	---	---	---	--	---	---	---	---	---

Serpentine belt replacement \$40 front placement. \$50 for side.

Inner/outer tie rods \$80-\$140 and ball joints based on vehicle.

I can do many other jobs also, but I don't do jobs that are over 4 hours in length. This is a hobby, not my livelihood.

I have a very well equipped garage and can do many services at my home. I am straight forward, ethical and clean in my work. If you do not need work done, I will show/tell you. You do have to purchase all parts and fluids up front, but I can help you locate those items. I have been doing this for a while now, and know where to go for most parts.

If you want/need my services and want to save some cash, I would be happy to help! Do to work and a high volume of spam, I do not answer my phone to unknown numbers. It is best to leave a message or text so I can inform you on cost/time/appt and then I can call you back. **IN ORDER TO EXPEDITE YOUR NEEDS AND DETERMINE MY AVAILABILITY, LEAVE A MESSAGE OR TEXT WITH ISSUE/MAKE/MODEL/YEAR OF VEHICLE.** My name is Aaron and I look forward to helping you in the future.

Thank You for your interest!
