QR Code Link to This Post I have a beautiful male pied cockatiel that I unfortunately have to part with, due to him singing his songs and waking my baby at nap times. He is friendly and around 1 year old. If you have little kids that take naps during the day I suggest you keep looking, not that he's mean in any way but hes just very vocal. I am sure he could learn to say a few words. I am asking \$150. No cage. 81651seven33
