QR Code Link to This Post Hello! I am seeking a TALENTED braider/hairdresser who is an EXPERT in Marley Crochet styles (please see pictures attached).

I would like you to CREATE A WIG of this style for me. My head is larger than average, so ready-made wigs in this style don't fit right. I will supply the hair and I have dozens of rollers to pre-twist the hair.

I WILL NOT supply the wig-cap or wig-net, as I don't know which to buy (but you could tell me what to buy and I'll get it).

If you need me to sit with the wig-cap/net on my head for the installation, that's okay too - I can do that (ideally, you would come to my home for that).
